

DOWN EAST GRANITE

Customer Reviews

“Our kitchen was completed a little over a year ago, but wanted to write a review with how happy we are with the Sea Pearl Quartzite we purchased from Down East Fabrication. We did a lot of shopping around, and found the perfect counter which completely makes our kitchen pop! Everyone there from the people who greeted us coming in, assisting with matching, and the installers were very knowledgeable and helpful.”

“Down East was wonderful. They are easy to work with. Very professional and the quality is top notch. A big thank you to all the folks at Down East you guys are the BEST.”

“This is our 4th renovation in our house. We did the kitchen, powder room, and two bathrooms and each time Down East Granite was our go-to store. The staff was always pleasant, courteous and very helpful. The employee that came to take measurements for countertop was super efficient and very neat doing his job. And, again, very pleasant! The 2 employees who came to install the top were great too. We have never regretted using Down East Granite.”
